VH6C (Issue 1): What do you think is the reason for this change?

This question is repeated for every issue in this section. However, because its qualitative responses have not yet been coded, we will omit this question from the remaining issues in this section.

VH6D (Issue 1): How has this change affected this village?

This question is repeated for every issue in this section. However, because its qualitative responses have not yet been coded, we will omit this question from the remaining issues in this section.

VH6A (Issue 2): Comparing the past 12 months to the 12 months before that, do you think there have been any significant changes in the number of informal institutions offering credit and/or savings in the village?

VH7C (Issue 1): What do you think is the reason for this change?

This question is repeated for every issue in this section. However, because its qualitative responses have not yet been coded, we will omit this question from the remaining issues in this section.

VH7D (Issue 1): How has this change affected this village?

This question is repeated for every issue in this section. However, because its qualitative responses have not yet been coded, we will omit this question from the remaining issues in this section.

VH7A (Issue 2): Comparing the past 12 months to the 12 months before that, do you think there have been any significant changes in the wages villagers receive for agricultural work?
